SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, May 5th, there being present Wm. H. Brown, presiding, D. E. Blackburn, Jas. T. Casey, Joseph M. Francis and John MacBain.

The minutes of the previous meeting were read and approved.

M. F. Brown, chief of the motor-cycle police reported as follows:

Officer Lowans—Worked seven days, one arrest, one conviction; fine, \$15.

Officer Logan—Worked seventeen days, one arrest, two convictions; fines, \$10.

Officer Vallejo—Worked eleven days, four arrests, three convictions, three cases pending; fines \$45.

Officer Brown—Worked 17 days, six arrests, two convictions, four cases pending; fines \$20. Among the arrests are four boys charged with stealing a car in San Francisco who are in the custody of the sheriff.

Coroner Plymire reported the disposition of the effects of certain deceased persons.

Auditor Underhill requested that he be authorized to employ extra clerical help for thirty days at \$2.50 per day. The request was granted on motion of MacBain, seconded by Casey.

A petition signed by Fred Kohler and others of San Bruno, was received, asking that certain trees on San Philippe avenue at that place be removed.

Casey stated that the trees complained of were a disadvantage to the public, and on his motion, seconded by Francis, the petition was granted.

A communication was received from the State Railroad Commission notifying the board that the San Carlos Park Syndicate would be permitted to extend Holly street across the tracks of the Southern Pacific Railroad Company to the County road on condition that the expense be borne by the syndicate and that the approaches to within two feet of the tracks be kept up by the latter, the crossing to be maintained by the railroad company.

The communication was received and filed.

Mrs. Elizabeth Bonestell sent the board some instructions for the eradication of the mosquito pest which were ordered referred to the Redwood City authorities on motion of Blackburn, seconded by Casey.

A petition was received from the Daly City authorities requesting that that city be permitted to change its boundaries so as to include a portion of Railroad avenue and keep that thoroughfare in repair.

George L. Smith, clerk of Daly City, addressed the board in support of the petition.

The petition was denied as it would involve a change of the boundaries of Daly City.

District Attorney Swart informed the board however, that a bill was pending in the legislature which would meet such emergencies.

H. A. Mason, assistant to the district attorney in the legal work connected with the county bond issue, presented a resolution providing for an issue of bonds to the amount of \$1,250,000 which are to be dated July 1, 1913, and bear interest at the rate of 5 per cent per annum.

The resolution was adopted on motion of Blackburn, seconded by Casey.

An ordinance was presented providing for the payment of the interest and sinking fund of the bonds.

Adopted on motion of Blackburn, seconded by Casey.

A second resolution was adopted on motion of Blackburn, seconded by MacBain, directing that the clerk publish a call for bids for furnishing 1250 lithographed bonds, accompanying which was a form of bid which was adopted on motion of Blackburn, seconded by MacBain.

Mr. Mason advised that the first bonds be disposed of in July and thereafter the sale of the bonds be proceeded with slowly and in such numbers as would be required to supply the necessary money to proceed with the work of constructing the roads.

Percy L. Schuman, representing J. A. Block, asked permission to amend his petition, filed at a previous meeting, for the sale of a water franchise on the coast side, by eliminating all of the territory described excepting Halfmoon Bay Miramar, San Pedro and Montara.

On motion of MacBain, seconded by Blackburn, the applicant was permitted to withdraw his petition, and present a new one at a future meeting.

School Superintendent Cloud presented the returns of an election held at Menlo Park, March 31st, at which a majority of the citizens voted in favor of a special tax for the purpose of erecting a new school building. He asked that the auditor be instructed to include the extra tax in his next estimate. It was so ordered on motion of MacBain, seconded by Francis.

No bids were received for the San Mateo school bonds, recently voted, which was accounted for by the District Attorney due to the present unsettled condition of the money market. Another effort will be made to sell the bonds in the near future.

On motion of Blackburn, seconded by Francis, Brown was authorized to replant a bridge and construct

two small culverts in his district.

The chairman stated that the indigent fund was temporarily exhausted and money would be needed to meet the expenses of the county farm and hospital.

On motion of Casey, seconded by MacBain, the treasurer and auditor were authorized to transfer \$5000 from the Exposition fund to the indigent fund until such time as the money could be returned.

William A. Pryor, representing the State Board of Health and the Federal government, appeared before the board and asked that five inspectors be appointed, one from each road district, to act in conjunction with the State and National authorities in the work of killing off the squirrels. While the movement was in the interest of health and economics he assured the board that no evidence of the bubonic plague had been found in this county. Santa Clara, Santa Cruz and Alameda counties had joined in the movement and it was only just to those counties that this county should co-operate.

In answer to a question by Casey Mr. Pryor stated that the movement also included the extermination of rats.

On motion of MacBain, seconded by Blackburn, action was postponed until the first meeting in June.

A communication was received from the advisory committee on new roads suggesting that the proposed work commence at the San Francisco line and that the boulevard be constructed to San Bruno to join the State highway; that the work of building within the incorporated cities of Hillsborough, San Mateo and Redwood City be completed at an early date to make the state highway continuous; that rights of way be secured at once and that all new heavy grading be done this fall to allow the work to settle before actual work commences next year, with a view to an early completion of the road from Halfmoon Bay to Colma, for the purpose of giving the coast people an outlet as soon as possible.

On motion of Francis, seconded by Casey, the surveyor was directed to present his estimates of this work at the next meeting in order that funds may be provided in the first sale of the bonds.

A map of subdivision 4 of the Sequoia tract in the Third district was presented and accepted on motion of Blackburn, seconded by Casey.

A resolution was received from the Visitation Improvement Club protesting against the route of the proposed boulevard as agreed upon, and asking that the route be changed so as to begin at the intersection of San Bruno, San Francisco and Visitation avenues in the City of Visitation, and running thence southerly in a direct line, along San Bruno avenue to a point where said avenue intersects the right of way of the proposed boulevard.

The new route is suggested because it is a quarter of a mile shorter, is more direct and will cost less to build and maintain.

Any land which may be needed to make the change is pledged to the county without charge.

The communication was accepted and ordered filed on motion of Blackburn, seconded by Casey, and will be acted upon at the next meeting.

James McCormick, A. G. C. Hahn and Dr. Morgan of the exposition commission appeared before the board. The latter acting as spokesman stated that no provision would be made by the State for the erection of a counties building at the Panama-Pacific exposition. It was the sense of the commission that the counties bear the expense and the matter would be discussed at a State convention of the Supervisors to be held at Santa Cruz on the 20th instant. The committee favored a building to cost at least \$240,000 of which this county's share would be about \$2800 which would be paid out of the Exposition fund for which a tax has been provided. The following resolution was presented and adopted on motion of Francis, seconded by Blackburn:

"Resolved that the county will pay its share pro rata, according to the assessed valuation of the State, for the erection of a counties building, costing not to exceed \$500,000, at the Panama-Pacific Exposition to be held in San Francisco."

The following claims that had been on file for several months were taken up and disposed of:

The First National Bank of San Francisco, for storage of county money for two years, \$350; paid on motion of MacBain, seconded by Casey.

W. H. Underhill and P. F. Chamberlain, \$46 each, expense of going to San Francisco to count the county's funds on deposit. The clerk stated that that this claim had been referred to the District Attorney for an opinion as to its legality. Mr. Swart said that he would advise the board if requested to. MacBain refused to accept an opinion unless it was in writing; he believed the claims were just and moved that they be paid. Blackburn seconded the motion and the vote was as follows: Casey no; Brown yes, on the ground that the previous claim had been passed; Blackburn yes; MacBain yes; Francis refused to vote until advised by the District Attorney.

Antone Bennett, \$20 for constable's expenses; rejected on motion of MacBain, seconded by Francis.

NEWS GATHERED FROM THE COUNTY

Interesting Notes Picked Up By Hustling Reporters in the County Districts.

SAN BRUNO NOTES.

The Federated Improvement Clubs met Wednesday evening. Owing to the favorable reports from residents regarding incorporation it was the sense of the club that another mass meeting be held on Thursday evening, May 23d, at Carpenters Hall. It is particularly desired that any voter wishing information make it known at this meeting. The meeting will be conducted by local residents and an invited guest will be present who will answer any problem offered for solution. The Belle Air residents desired the club to take up the question of a sewer outlet on that tract. Although the sewers were laid in that locality two years before any attempt was made in other parts of San Bruno to construct a sewer system, the Third, Fourth and Fifth additions and Huntington Park have since laid satisfactory systems. Mr. Good news for San Bruno expressed a desire to meet the club, and the secretary was instructed to notify him that the club would be in session Wednesday evening May 22d. These meetings are open to the public and members are warmly pleased to have residents attend and participate in the deliberations.

Some time the latter part of this month the Yeomen will have a class initiation. Quite a large class is now being adopted in the Order. The drill team has been busy practicing and is now quite proficient. Quite a number of social events are being planned.

The Penobscot Dredging Co. will commence dredging a channel and throwing up a dyke along the water front on the bay opposite San Bruno. Mr. Richardson, the superintendent, is now living in the Bacon bungalow on the Mission road, having taken a long lease of the property, to be close to the scene of operations. This is good news for San Bruno as the result will be the reclamation of an extensive area of fertile vegetable land and open up valuable sites for factories. It is reported that a ferry boat system carrying passengers and freight will be inaugurated as soon as the work is completed.

Hans Lemm of the third addition met with an unfortunate accident last week. While painting his barn he fell 20 feet from a ladder, sustaining a painful bruise in his hip, and is now going on crutches.

George V. C. Bacon, with his wife and mother, left Friday for Sunnyvale, where he will cultivate his 11-acre farm. Mr. Bacon will continue in the employ of the Bulletin and will be a commutator. The Women's Improvement Club is going to have a cleaning up day. A date will be set and all the men are expected to turn out with axes and chop the willows from the streets and other places where the growth is objectionable. A dinner will be served by the ladies. This is a much needed improvement and should have been done before, but now the people here have come to the conclusion that to get anything done they must do it themselves, as the reality companies will not do anything, claiming that all promises have been fulfilled.

SOUTH SAN FRANCISCO.

Preparations are nearly completed for the erection of the new varnish works building of the W. P. Fuller Paint Co. The grading of the site has been practically completed.

A. C. Devine is having plans prepared for a modern bungalow on his property at the corner of Miller and Eucalyptus avenues.

Miss Loretta Menzie, who received painful injuries at the Western Meat Company's plant several weeks ago, is reported to be rapidly convalescing.

Under the auspices of the local Chamber of Commerce, a mass meeting was held on Wednesday evening for the purpose of boosting the proposed \$62,000 sewer bond issue. The meeting was largely attended and developed a strong sentiment in favor of the bonds.

James J. Carter, now a resident of Oakland, but formerly a resident of this city, where he is still the owner of considerable property, is making preparations for the erection of two houses on Grand avenue. It is the expressed intention of Mr. Carter to reside here again as soon as these houses are completed.

SAN MATEO AND BURLINGAME.

Burlingame's water commission has succeeded in locating what is believed to be an abundant supply of water for the contemplated municipal water system. On a lot at the railroad tracks between Bayswater and Peninsula avenues, a well at a depth of 220 feet has shown a supply which is regarded as amply sufficient for the present needs of the city. Following this discovery the city council has authorized the sale of \$20,000 of the recent authorized bond issue.

Although the vote last week on the issue of \$25,000 in bonds for a municipal building at Burlingame was light, the bond carried by a safe margin. The vote in favor of the bonds was 277, while the opponents secured but 107.

At the last meeting of the Burlingame city council permits were granted for the erection of two new business buildings.

San Mateo's new chief of police is after the Chinese gamblers with a sharp stick. Last Sunday evening the police made a raid on a suspected gambling joint and arrested six Chinese inmates of the place. A tan outfit and \$82.50 in coin which was on the table were taken as evidence and are held by the officers. The six accused men were later released from custody on \$10 each bail.

Henry Quimby, an old resident of this place, died at the county hospital Saturday at the age of 71 years. He was a resident of San Mateo since 1860 and at one time was a prosperous contractor. He had no relatives and the only friend to attend his funeral was Supervisor Brown.

The new combination auto chemical and hose wagon recently purchased by the city trustees of Hillsborough has arrived and been put

into service. At the last meeting of the city council Walter A. Grant, who has had much experience as a fire fighter, was elected driver of the wagon and chief of the department.

BELMONT NOTES.

Mrs. Hughes entertained a number of visiting friends from San Francisco at an informal luncheon on Monday afternoon.

Mrs. E. H. McGowan and her young daughter were visitors at San Francisco during the week.

Miss Daisy Wakely, who has been connected with the Belmont academy for some years past, died at that institution last Tuesday. Although Miss Wakely had been ill for some time, her illness was not considered of a serious nature and the announcement of her death came as a shock to a large circle of friends.

Mrs. Geo. C. Ross passed last week at Fresno, attending the sessions of the State Federation of Women's clubs.

FROM THE COAST SIDE.

In a raid on a cock fight at Moss Beach last Sunday the officers captured 33 of the participants and spectators. All were released on depositing \$10 each as bail, and of the lot but four appeared the next day in the justice court for trial. Of these two were acquitted on the showing that their presence was solely for the protection of the property of which they are the owners, while the other two were fined \$5 each. The bail deposited by those who failed to appear was declared forfeited.

A car load of artichokes is being shipped daily from Moss Beach to Eastern and San Francisco markets.

A large force of men is at present employed by the Halfmoon Bay Light and Power Co. in running service wires to coastal ranches to supply power for irrigation pumps.

A. J. DeBlum is having extensive improvements made to her residence at Halfmoon Bay.

It is estimated that during the past two weeks at least seventy-five car loads of artichokes were shipped from Halfmoon Bay. The greater portion of the shipments were direct to New York markets.

A handsome new home for Mrs. Kewling at Salda Beach is nearing completion. The house will involve an expenditure of over \$4000 and will present a handsome appearance.

In the death of Mrs. Joseph Scarpa of Mayfield, which occurred last week at the home of her daughter, Mrs. Joseph Debenedetti, at Halfmoon Bay, this section loses another of its notable pioneers. Deceased was a native of Uruguay, and was 84 years of age. She came to California in 1849, and since that time has been a prominent resident of this section of the State, lately making her home for the greater portion of the time at Mayfield. Deceased was the widow of Joseph Scarpa, who died some 12 years ago, and who during his life accumulated considerable property. A lady of kindly disposition and generous impulses, Mrs. Scarpa will be missed by a host of friends.

PESCADERO CORRESPONDENCE.

Sam Trotter has 35 men building roads and peeling bark up the Gazos for C. H. Wideman.

Jess Broyles has camp up the Old Lady's Creek peeling bark to haul to Swanton for shipment.

Asa Weeks is building the foundation for his new house.

We are to have a big dance here Saturday night and a barbecue Sunday.

BISHOP HANNA ENTERTAINED AT NOTRE DAME ACADEMY

The first visit of Bishop E. J. Hanna to Notre Dame Academy of this city yesterday was made a notable event by the good sisters of that institution. The bishop arrived on the 10 o'clock train and was met at the depot by several priests and escorted to the convent where the children were lined up in military fashion to greet their distinguished guest. The hall of the academy was entirely too small to hold the throng that was anxious to listen to the noted clergyman. The children had arranged a delightful program and carried it out without a hitch. At the conclusion of the exercises, Miss Adeline Simmons delivered the address of welcome. She was calm and deliberate and gained great praise for her mastery of the subject. Bishop Hanna expressed himself well pleased with the school and the efforts of the little ones. He spoke feelingly to the children of the good work being done by them and for the dignity and culture shown in the manner in which they carried out every feature of the program. He then gave the school a holiday. Then addressing the parents and others he expressed his delight and pleasure in seeing so many of the parishioners present. His speech was beautifully worded and happy and evoked much enthusiasm.

Bishop Hanna paid a high tribute to the good work being done by the sisters. Bishop Hanna and the priests were shown all the points of interest by J. J. Hahir in his automobile. This was the first visit of the Bishop to Redwood City and he appeared to enjoy it very much.

Redwood City Board of Trade Holds Interesting Promotion Session

That the Redwood City Board of Trade is to become a strong factor in the promotion of the interests of this section was made manifest by the enthusiasm shown at the monthly meeting last Monday evening. While the attendance was not as large as it should have been, a goodly number of interested citizens were in attendance and several matters of importance to the future development of the city were given careful consideration. Probably the most important result of the discussions was the determination that in the future no time is to be wasted with bonus seekers in the factory site line. To a large extent this decision was the result of reports submitted by President Chilcott and L. P. Behrens of their experiences with a party of locators during the previous week.

Five new members were added to the roll as follows: Robert W. Mantz, H. H. Sears, S. P. McCrea, Redwood City Undertaking Company and Mr. Knox, the merchant.

To encourage a larger membership it was voted to reduce the entrance fee to \$1. The meeting night was also changed from the first to the third Tuesday evening of each month.

President Chilcott reported having turned down a number of catch-penny enterprises that were looking for local coin, and his actions were approved.

The committee on the annual banquet reported that preparations for this event were in progress and the dinner would take place some time after the banquet of the board of governors of the Development Association.

AUTO ACCIDENT STORM RESULT

Confused by Rain Motor Driver Runs Down Pedestrians on City Street

Benton C. Byrd, the well-known merchant and his sister, Miss May-elle Byrd, the stenographer for Ross & Ross, were the victims of a shocking accident Thursday evening while on their way home from the festivities at the Woman's Club. They were walking on one side of Roosevelt avenue and when near the Schimpf residence were run into by an automobile driven by Norris Goodwin, young son of J. W. Goodwin, who lives in that locality. When the accident occurred the young man stopped his machine and rendered all the assistance he could to the injured persons. Mr. Byrd and his sister were taken to the Huling Sanitarium where they were treated by Dr. Bissell and Dr. Chapin. Miss Byrd was the worse injured. She suffered a compound fracture of her left leg above the ankle, besides being badly bruised about the face and body. She did not regain consciousness until next morning. Mr. Byrd received an ugly scalp wound across his head, the physicians finding it necessary to put in eleven stitches. The doctors also put in six stitches in a wound on the arm. Mr. Byrd's legs were severely bruised, but so far as known he did not suffer any serious injury to his limbs. Young Goodwin remained at the sanitarium all night, rendering all the aid he could. It was raining at the time of the accident, the wind blowing heavily against the wind shield of the automobile so that the view down the avenue was somewhat obscured. Mr. Goodwin blames this condition as the cause of the accident. The Byrds were wholly to one side, giving the machine full right of way of the avenue. The mishap was a severe shock to the people of Redwood City and it has somewhat dampened the ardor of those engaged in the work of the carnival. The distressing accident, while unavoidable, has aroused deep sympathy for Mr. Byrd and his sister.

ANOTHER DELAY IN STREET WORK

City Trustees Seeking for Improved Methods of Road Construction

Action by the city council at its meeting Monday evening indicated that in the near future small ships on Redwood creek are to be relieved of the inconvenient necessity of depending upon the good nature of private owners for landing places and are to be given the privilege of a public dock situated near the business district of the city. The lack of this important provision for boat men was brought to the attention of the trustees by Captain John Hansen, one of the longer navigators of this stream, who in making his plea brought to mind some of the commercial reminiscences of pioneer days when this city was one of the important shipping points of the bay district. Captain Hansen suggested that a public dock be built at the foot of East Marshall street, adjoining the property of the Pacific Gas & Electric Company, where a bulkhead might be erected at a small cost. The need of such an improvement seemed to be recognized by the trustees and at the suggestion of Chairman Merrill, in which the entire board concurred, Superintendent Dickey was directed to submit an estimate of the cost of erecting bulkheads at the foot of East Marshall street and at both sides of the bridge on East Bradford street.

In a rather lengthy communication, H. A. Carroll of San Francisco, who is the owner of a lot at the corner of Franklin and Maple streets, urged that that portion of Main-street Extension be opened to the County road before the commencement of street improvement work in that section. Discussion of the communication developed the fact that present intentions of the trustees are that the extension of the street shall be made in the very near future. Until this is accomplished it is believed that the improvement of Vera avenue will do much to relieve the situation complained of. It is anticipated that with the expected improvement of the County road the extension of Maple street will be necessary.

A communication from Chas. D. South, secretary of the Santa Clara cherry festival, invited the council to attend the celebration which will be held at Santa Clara, commencing May 20th and continuing five days. As none of the trustees seemed inclined to undertake the dissipation, the invitation was filed.

At the suggestion of Trustees Sampson it was decided that the city should bear the expense of the medical attendance upon City Electrician Werder, following his recent injury while at work with the fire department.

City Engineer Sears presented plans and specifications for the construction of concrete curbs and sidewalks in the new street improvement districts which were approved by resolution.

Although City Engineer Sears and City Attorney Mansfield had prepared the necessary plans and specifications and resolutions of intention for the ordering of the long contemplated street paving which had been allotted for the summer's work, this important matter was again laid over for two weeks. New Actions in Superior Court.

Annie E. Tuska has commenced an action in the Superior Court against her husband, Otto Tuska, for an interlocutory decree of divorce on the ground of failure to provide. The couple was married at St. Louis on December 5, 1886.

Mrs. Tuska asks for the custody of the minor child, Walter J. Tuska, aged 17 years. Plaintiff also asks for \$15 alimony during the pendency of the suit, attorney fees in the sum of \$25, costs \$10. She asks that she be given permanent alimony in the sum of \$25 a month and possession of the home at San Bruno and her share of the property located in San Francisco. Mrs. Tuska says in her complaint that her husband earns \$109 a month.

W. J. Martin has commenced an action in the Superior Court against Joseph A. Roberts and Julia A. Roberts to recover the sum of \$1500 on a promissory note executed at South San Francisco on May 10, 1909. The note was given in favor of the South San Francisco Mill and Lumber Company and assigned by the company to the plaintiff.

Mr. Martin also asks for interest and costs of suit. J. W. Colebrook is the attorney for plaintiff.

George O. Rich has commenced an action in the Superior Court against the Moss Beach Realty Company to recover commission in the sum of \$3000. Mr. Rich has also brought suit against C. B. Smith and the Moss Beach Realty Company to recover commission in the sum of \$6000.

E. P. Dimond has brought suit in the Superior Court against the Portola Investment Company to restrain the latter from diverting the water of the Dennis Martin Creek at Portola. Dimond, who recently purchased the John Guerin place of 45 acres of land at Portola, complains that the company is diverting this instance the delay was solely in the interest of the affected property owners and with a view to securing for them the advantage of the latest discoveries in this line of work. Before consideration of the plans and specifications had been taken up the trustees were addressed by Mr. Baker, a representative of the Roadmite Asphalt Cement Co. of Santa Maria Oil Fields concern, in which besides detailing the advantages claimed for the road oil product by that concern, he suggested some improvements recently discovered in the method of laying the pavement, which it was claimed would produce a more durable macadam at an increase in ultimate cost. Mr. Baker asked that specifications for the work be so arranged that his company might have an opportunity to bid on the work. That the claims put forth might be investigated and an opportunity given for an analysis of the material offered, action of the specifications and resolution was deferred until the next regular meeting.

City Electrician Werder submitted a map showing an outline of the proposed extensions and improvements in the street lighting system, which was given an extended discussion by the trustees. Under the plan submitted it is proposed to almost entirely remodel the present system, changing entirely to what is known as the "series system," under which extensions can be made with much greater economy in construction. As the location of lights are planned by the city electrician, every portion of the city will be given the benefit of street illumination. In order that an opportunity may be afforded for public criticism, it is proposed that as soon as completed, a map showing the location of the lights may be placed in the city hall, where it will be open to the view of the public.

the natural flow of the stream by means of dams, headgates and other obstructions to the detriment of plaintiff. Dimond asks that the defendant be perpetually enjoined from diverting the water of the stream. He has been given a temporary restraining order. Attorney Torchiana, one of the ablest water rights lawyers in the State, has been retained by Dimond to fight the case.

James Harden Caughey and Annie Isabelle Caughey have commenced an action in the Superior Court against William H. Bias and Edgar Shaw, executors of the last will and testament of Charles Bradley, deceased, to quiet title to 11 acres of land located near Pescadero.

County Clerk Joseph H. Nash has brought suit in the Superior Court against Auditor W. H. Underhill to prevent the payment of the claim of the First National Bank of San Francisco amounting to \$350 for storing the county's money, and the claims of W. H. Underhill and Treasurer Chamberlain amounting to \$45 each, for going to San Francisco to count the money. Mr. Nash, who brings the suit as a citizen and taxpayer, secured a restraining order in the Superior Court Wednesday, restraining the auditor from paying the claims. The order is made returnable on May 15, when the whole matter will be thrashed out. The supervisors passed the claims last Monday, believing them to be just claims against the county.

New Probate Applications.

Margaret B. Cox has applied in the Superior Court for letters of administration upon the estate of Alexander M. Cox, who died in San Francisco on March 25, 1913 at the age of 62 years. The estate consists of cash in bank amounting to \$62.96 and lot 40 and a portion of lot 41, block 19, valued at \$250. The entire value of the estate does not exceed the sum of \$290. The petitioner is the widow of the deceased.

NOTED ATTORNEY SUMMONED TO COURT OF LAST RESORT

Judge J. M. Allen Ends Bright Career Among California Jurists

Judge James M. Allen, the well-known attorney, died at his home in San Francisco on Tuesday after an illness extending over a year. Mr. Allen until a few years ago maintained a beautiful home at Portola. He often appeared in the Superior Court of this county on probate matters, having settled many of the large estates of the wealthy residents of the county. He was the attorney for the W. H. Howard estate, the Payne and Corbett estates and number of others. The deceased attorney was a man of the highest legal attainments, honest and above board in all his dealings. Some years ago he settled an estate in the Superior Court of this county and was allowed fees in the sum of \$1500, the amount fixed by law. Believing that he did not earn the money he returned \$500 of that sum to the heirs. Mr. Allen was at one time a law partner of W. F. Herrin, head of the law department of the Southern Pacific Railroad Company.

Judge Graham of San Francisco in adjourning court Wednesday paid the following tribute to the deceased attorney: "The sentiments of the Court respond deeply and earnestly to those of the Bar and the people in the great loss both have sustained. Judge Allen was a man of unusually attractive personality. He was fond of the best literature, and if there was a shrine he worshipped at it was that of intellectuality. A gentleman in the best sense of the word, he made no distinction between his fellow men. The rich, the poor, the high, the low alike found kindness at his hands.

As a lawyer he attained his greatest eminence in connection with banking and practice. He possessed of all those qualities which make for true greatness. The strength of his judgment, the quickness and fertility of his genius and high professional attainments were not equaled by many nor surpassed by any, while his broad philanthropy, his devotion to truth and right, his unflinching fidelity and constancy to his friends, and his untiring efforts for his clients combined to show a noble heart."

A New Store.

M. J. Knox has opened a new store, which will be known as the "Knox's Toggery," in the Hotel Sequoia building, with a full and complete line of dry goods, notions, men's and women's fancy and furnishing goods. The entire stock is new and absolutely up-to-date and is priced at figures that compare favorably with the large trade centers. Ladies' shirt waists, house dresses and fancy dresses are made a specialty and are shown in great variety. The public is invited to give him a call. Watch for his ad in next week's issue.

Caution to Water Users.

As a necessary precautionary measure, the city trustees earnestly request that all users of city water suspend irrigation for the next few days and that the utmost care be taken to prevent all waste of water. While at present there is an abundant supply, there is a possibility that the strike of the Pacific Gas and Electric operatives may necessitate the closing down of the pumps of the water company for lack of power. Fortunately conditions are such that there is no danger of a serious lack of water for household use, but it is the part of wisdom to take no chances of depleting the reservoirs happily which must be depended upon in case of fire.

Notice of Trustee's Sale.

Notice is hereby given: That, in accordance with the terms and under the authority of a certain deed of trust, dated February 9, 1912, duly executed by and between J. G. Bramstadt, of the City of Berkeley, County of Alameda, State of California, grantor, to Berkeley Bank of Savings and Trust Company, a corporation, grantee and trustee, and thereafter recorded on March 4, 1912, in the office of the County Recorder of the County of San Mateo, State of California, in Volume 1 of Trust Deeds, at page 124 and following (which said deed of trust was executed and delivered by said J. G. Bramstadt to Berkeley Bank of Savings and Trust Company, a corporation, trustee, to secure the payment of \$2500, with interest, according to the terms of four certain promissory notes of even date with said deed of trust, executed and delivered to Eugene L. Brock by said J. G. Bramstadt, and in pursuance of a certain notice and demand, dated April 28, 1913, made by Eugene L. Brock, the owner of said promissory notes, declaring that default had been made in the payment of the sums due, and by the terms of said promissory notes to the said Eugene L. Brock, the owner thereof, and to secure the payment of which the aforesaid deed of trust was executed as above, and requesting and authorizing the Berkeley Bank of Savings and Trust Company, trustee, to sell the lands and premises described in said deed of trust, for the purpose of satisfying said indebtedness of said J. G. Bramstadt to the said Eugene L. Brock, owner of said promissory notes, as in said deed of trust provided.

Now, therefore, the Berkeley Bank of Savings and Trust Company, trustee under said deed of trust, gives notice that default has been made in the payment of the principal and interest due from said J. G. Bramstadt to said Eugene L. Brock, owner of said promissory notes, and that default has been made by said J. G. Bramstadt in the payment of said indebtedness to said Eugene L. Brock, secured by said deed of trust, and that on Saturday, the 2nd day of May, 1913, at the hour of 10 o'clock A. M., of that day, and at the front door of the Court House of San Mateo County, in Redwood City, on Broadway, State of California, the Berkeley Bank of Savings and Trust Company, a corporation, will sell at public auction, to the highest bidder for cash in full, all the real estate, to-wit: The interest and estate of the said J. G. Bramstadt, in and to that certain lot, piece or parcel of land situated in the County of San Mateo, State of California, and described as follows, to-wit:

Lot Number Twelve (12), in Block Number Eleven (11), as the same is marked, designated and numbered on that certain map entitled "Map of Subdivision No. 3 of Brighton Beach, San Mateo Co.", recorded in the office of the County Recorder of said County on the 1st day of March, 1908, in Map Book No. 6 at page 4.

Terms of sale: Cash in gold coin of the United States.

Said Eugene L. Brock, being the owner of said promissory notes and of the indebtedness secured by said deed of trust, or any other person, may purchase at said sale.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion In This Letter.

Overworked, run-down, "fagged out" women who feel as though they could hardly drag about, should profit by Miss Richter's experience. She says: "Last winter I was completely run down and felt fagged out all the time, was nervous and had indigestion."

"One of my friends advised me to take Vinol, and it has done me great good. The tired, worn-out feeling is all gone, and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could have Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol."

Marie Richter, Detroit, Mich.

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not, we give back your money.

SUPERVISORS HOLD MEETING

Continued from first page.

on the ground that the claim was not itemized.

Clark & Henery, \$122.60 for repairs on Pescadero bridge; rejected on motion of Blackburn, seconded by Francis, on the ground that the claim was excessive.

J. Boshoff, two claims of \$55 for auto hire; rejected on the ground that claims were excessive, on motion of Francis, seconded by MacBain.

E. R. Mitchell, seven claims aggregating \$655.50 for culvert work; pronounced excessive by the Surveyor. Claimants notified to attend next meeting and show cause why the bills should not be rejected.

Davis & Enos, livery hire, \$10, rejected on advice of District Attorney as claim was not itemized.

E. R. Poor, two claims aggregating \$87 for services to Health Officer. Laid over until the next meeting.

County Clerk Nash gave notice that as a citizen and taxpayer he would protest the payment of the claims of the First National Bank and of Underhill and Chamberlain on the ground that they were not legal charges against the county.

F. Chilcott appeared before the board and asked that a stairway be constructed from the Recorder's vault to the basement of the abstract companies and the public as some of the records were kept in the basement.

The matter was referred to MacBain on motion of Blackburn, seconded by Casey.

Any stock upon which this assessment shall remain unpaid on Monday, the 12th day of May, 1913, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Monday, the 26th day of June, 1913, at the hour of 10 o'clock A. M. of said day, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

By order of the Board of Directors.

J. W. CROSBY, Secretary.

Office: No. 52 Eleventh street, San Francisco, California.

In the Superior Court of the County of San Mateo, State of California.

In the matter of the Estate of Frank M. Granger, deceased.

Order to Show Cause Why Order of Sale of Real Estate Should Not Be Made.

Mary A. Granger, the administratrix of the estate of Frank M. Granger, deceased, having duly presented to and filed in the above entitled court and matter her duly verified petition for said superior court praying for an order of said court for the sale of the whole, or some portion, of the real property belonging to said deceased and his estate, for the purposes in said petition fully set forth; and appearing to said court from said petition that it is necessary to sell the whole, or some part, of the real property of said decedent and his estate, as for the purposes and reasons mentioned in said petition; and so causing appearing therefor.

It is ordered, that all persons interested in said estate appear before said court, at the court-room of said court, at the courthouse in Redwood City, county of San Mateo, state of California, on Thursday, the 22nd day of May, 1913, at the hour of ten o'clock in the forenoon of said day, and then and there advise said court of their views or claims, as in said petition prayed for.

It is further ordered, that a copy of this order be published at least once a week for four successive weeks prior to said day of hearing, in the Times-Gazette, a weekly newspaper of general circulation printed and published in Redwood City, county of San Mateo, state of California.

Dated this 17th day of April, 1913.
